25th March 2024

Dear Parents and Carers,

SCHOOL MEALS PRICE INCREASE

As of Monday 15th April 2024, the cost of school meals will be increased to £2.65. Please note, that children in Reception, Year One and Year Two and older pupils in receipt of Pupil Premium Grant will still receive Free School Meals, so this increase applies to children in Year 3 – 6 only.

We last increased the cost of school meals in 2022 and, as you know, the cost of food, fuel for delivery and staffing have increased significantly in the last couple of years. We have worked hard with our school meals provider, TCS Education Catering, to keep the increase to a minimum to help our families.

We would like to remind you that **meals must be paid for in advance** and all Parent Pay accounts kept **in credit** at all times.

Yours Sincerely,

Mrs E Marsh
Office Manager
