2nd October 2023

Dear Parents/Carers

ON-SITE EDUCATIONAL VISIT

This year, our annual Book Week will take place during the week after half term. We have chosen a beautiful book which we are sure the children will love – it's top secret but we can tell you that it is set in the Nordic Arctic region.

We always like to start our Book Week with a bang and this year we have arranged for the Travelling Natural History Museum team to visit St George's on **20th October 2023**, the final day of school before the half term break. The workshops will include lots of information about the wildlife of the Arctic, along with an Aurora Borealis demonstration and a light show finale!

We hope this will be an informative and enjoyable experience which will leave the children excited for Book Week.

On-Site Visit Details:

Date: Friday 20th October 2023
Time: Held on-site during school hours

We are asking for a voluntary contribution of **£2.50 per pupil** towards the cost of this show. The PTA has kindly given a donation of £475 towards the total cost of this show, thus reducing the cost per pupil.

Please bring payment to the School Office or pay via Parent Pay by Friday 13th October.

Yours sincerely

Mrs R Keitch
Headteacher
