18th November 2019

Dear Parents/Carers,

This year's Class One and Two Christmas production is called 'Operation Christmas'. This play was commissioned and developed as part of the Let's Play programme, a nationwide initiative run by the National Theatre and supported by the Arts Council England.

We are lucky enough to be taking part in a fully-funded pilot of this project, along with other schools in the Tendring area.

The Let's Play initiative aims to give primary school age children the opportunity to experience all aspects of theatre production, from acting and singing to set and costume design, developing confidence and teamwork skills. With this in mind, the children are involved in all aspects of preparation for the play, which provides the focus of much of this half term's classwork. The play itself is quite ambitious and requires us to experiment with different staging and production techniques.

We do hope you will enjoy and support this year's production, and we look forward to showing you results of the children's hard work.

Yours Sincerely

Mrs R Keitch
Headteacher
