

# The power of my voice

Words and music by David Rees  
© 2024 David Rees

1. We are musicians, you and me.  
We'll save the world with harmony.  
Raise up your voice and you will see  
That music has the power to set you free!

*My voice will be heard.  
I'll sing to the future,  
I'll sing that's my choice.  
I have got the power:  
The power of my voice!*

2. We'll write the books of history.  
Our words are worlds of mystery.  
Write down your dreams and you will see  
That stories have the power to set you free!

[Bridge section - repeated]  
We'll write ourselves a different story,  
Our voices will be heard,  
Sing with me.

*I'll sing out my story,  
I'll sing you these words.  
The world stands before me,  
My voice will be heard.  
I'll sing to the future,  
I'll sing that's my choice.  
I have got the power:  
The power of my voice!*

Sing with me.  
Sing with me.

3. We sing the words to our own song.  
We'll make a place we all belong.  
Open your mind and you will see  
Ideas have the power to set you free!

4. We are musicians, you and me.  
We'll save the world with harmony.  
Raise up your voice and you will see,  
That music has the power to set you free!

*I'll sing out my story,  
I'll sing you these words.  
The world stands before me,*

*I'll sing you these words.  
The world stands before me,  
My voice will be heard.  
I'll sing to the future,  
I'll sing that's my choice.  
I have got the power:  
The power of my voice!*

I have got the power,  
We have got the power,  
You have got the power,  
I have got the power:  
The power of my voice.
